#### WANTBAN'S SCALP

Yankees Start Finish Fight  
Against A. L. Head.

Granted Injunction Permitting  
Them to Pitch Carl Mays.

New York, Aug. 7.—Armed with an injunction issued here last night by a justice of the New York supreme court, the owners of the New York American league baseball club prepared today to carry their fight on Ban Johnson, president of the league, to the last ditch. The injunction prevents Johnson from interfering with Carl Mays, pitcher, recently purchased from the Boston club, and also restrains other American league clubs from declining to play with the Yankees. It had been intimated that an effort would be made to boycott the Yankees if they asked an injunction against Johnson.

Following issuance of the restraining order, Col. Jacob Ruppert and Lieutenant Colonel Houston, owners of the club, sent telegrams to every club owner in the American league inviting them to a conference next Monday, at which they propose to discuss the case. Johnson also was invited to attend.

The injunction will be argued the day following the proposed meeting. Mays, it was said, might work in one

#### SENT FOR MOTHER

Mrs. Hatfield Was On Verge Of  
Nervous Prostration.

Is Restored To Health By Tak-  
ing Tanlac.

"I have improved so much in health since I took Tanlac, my friends and neighbors hardly know me now and I can hardly believe it myself when I look in my mirror," said Mrs. Harry Hatfield, of 455 Day street, Galesburg, Ill., recently.

"I had been suffering for about three years," continued Mrs. Hatfield, "and was so badly run down in health and so weak and nervous my mother had to come from Missouri to stay with me, because at the time, I was right on the verge of nervous prostration. I couldn't stand a bit of noise and was so awfully nervous sometimes I was nearly frantic. I was in such bad condition I could hardly eat or sleep, wasn't able to do my housework and just did nothing but suffer day in and day out. No matter how little I ate, gas formed in my stomach and I suffered with terrible cramping pains and had such awful headaches some- times I thought my head would split. I was troubled a lot with my kidneys, too, and my back ached so terribly at times I could hardly stand it. I finally got to where I never knew what a well day meant and was gradually getting worse and, although I took all kinds of medicine for my trouble, nothing gave me a particle of relief and I got very blue and despondent."

"One day my next door neighbor dropped in to see me and begged me to take Tanlac, because she said she had found it to be a wonderful medicine and, as her improvement was noticeable, I felt encouraged and when my husband came home I told him about it and he got me a bottle that very evening. Tanlac seemed to help me almost from the first, so I kept on with the treatment and the results I got were certainly remarkable. My nerves began to calm down and I started to sleeping better and what my appetite was picking up and what I ate agreed with me. It wasn't long before that awful pain in my back disappeared and now I can say I am completely relieved of all my trouble and am perfectly well and strong again. I now eat three big meals every day and never have any uncomfortable feeling in my stomach afterwards and can sleep fine every night and my nerves are so strong you couldn't tell I had ever been nervous at all. I feel bright and happy all the time now; in fact, I seem like a different person altogether, and am so thankful for the way Tanlac has helped me I can't keep from talking about it and my husband tells me people will get tired listening to me praise Tanlac, but I just don't care, much for a person ought to be talked about."

Tanlac is sold in Topeka by Tully-McFarland Drug Co., 335 Kansas Ave., and 729 Kansas Ave.—Ad.

### UPHOLD VAGRANCY LAW

Wichita Jury Convicts Alleged I. W. Under It.

Wichita, Aug. 7.—Holding that the new state vagrancy law is constitutional, a jury of six men in the city court here brought in a verdict of guilty against William Denton, alias Valdamer, charged with being an I. W., one of the three men arrested here.

The most severe penalty under the law was given Denton by Judge Wall, six months in the county jail and \$500 fine. The judge said he was of the opinion that the finding was the most important in the history of the city court, since the case was a test case and the result was by a jury.

The fight of Fred W. Moore, famous I. W. W. attorney, who has been defending the men, was on the stand that the law was unconstitutional. The case probably will be appealed, although it has been appealed once before from police to city court.

### REWARD FOR CASHIER

If Governor Can Spare \$300, State Will  
Go After Lefferdink.

If Governor Allen will spare \$300 from his contingent fund, R. J. Hopkins, attorney general, will offer the money as a reward for the arrest of H. J. Lefferdink, defaulting cashier of the Kansas State bank at Salina. The attorney general's office has no money from which rewards may be offered.

Lefferdink disappeared when the Salina bank was closed. He kept in touch with state departments for several days, but was not arrested. Now the attorney general wants the banker behind the bars or under bond. It is stated that officials have been unable to find Lefferdink.

**FALLING ROCK KILLS MINER.**  
Robt. Cartwright, Ex-soldier, Crushed  
Under Twenty-Ton Mass.

Pittsburg, Aug. 7.—Robert Cartwright was crushed to death beneath twenty tons of rock in a fall of rock in the mine of the Crawford County Coal company, one mile north of town on the North Broadway road, Wednesday. It took his fellow workers forty-five minutes to dig his body from the mass of rock. Cartwright was pulling pillars from an entry, working with Robert Jones, when the avalanche of rock fell upon him. Jones narrowly escaped being caught in the fall. Robert Cartwright was 22 years old. He is the son of Mr. and Mrs. John Cartwright, 1609 North Locust, and made his home with his parents.

He returned from military service four months ago.

Largely by reason of the manner in which carbonic acid gas is combined and liberated.

In sodas and charged waters carbonic acid gas is impregnated under a very high pressure, and escapes before the drink is taken into the system.

In Schlitz Famo carbonic acid is combined with extractive substances, and from these substances it is gradually liberated in the stomach—thereby utilizing all the beneficial properties and precluding any tendency to flatulence.

Schlitz Famo is a *worth-while* cereal beverage, non intoxicating, healthful and satisfying. Good and good for you.
